To the Lac du Flambeau Town Board,

The Northern Hornshoe Snowmobile club has recently purchased 2 pieces of equipment, a Diamond Boom Cutter and a Bush-Wacker Mower Deck. This new equipment takes up a lot of space in the current building which is located at the LDF Transfer Station. As a result, we would like to move the equipment outside and place it under a protective canopy. Our plan is to purchase a 12' x 30' carport canopy and locate it on the southeast corner of our current building (see attached sketch).

In order to place the canopy in this location, it will require some leveling of the ground and tree cutting. We would like to have the canopy in place by the end of October.

We ask for your approval to proceed with this project.

Sincerely,

Keith Weber

Club President
